

OYSTER BANDS

Rubber bands assist in holding oysters closed to retain natural juices and keep them fresh longer. Bands can remain on oysters during cleaning, packaging and in refrigeration. Oyster bands minimize the probability of damage during transport.

Oyster bands can be custom designed for your specific needs. We offer a variety of colors, sizes and printing. Please contact us for color list and more information.

- Made from synthetic non-latex rubber
- Excellent cold resistant properties
- Good stretch, securely hold shellfish
