equipment

**Stretch it! Strap it! Snap It!** Gear Strapz™ quickly and easily secure your light loads for storage and moving. These products are handy accessories for holding things together and should be on everybody's gear list. Made from EPDM (Ethylene Propylene Diene Monomer) material, they are latex-free, non-conductive and non-metallic. These all-weather products are UV and ozone resistant. Perfect for bikers, boaters, riders, and mountain touring fanatics.

# GEAR STRAPZ™

Big outdoor jobs call for our big Gear Strapz™. They can be cut to fit from the 25' roll and the five adjustable clasps provide a snug, custom fit.

## FEATURES

- Premium synthetic (non-conductive, non-metallic) rubber
- Strong stretch strap that can be cut to length
- Made from all-weather, UV, and ozone-resistant EPDM
- 5 clasps included
- Made in the USA using globally sourced materials

## VALUE

Gear Strapz™ are stretchable and easy to use. They are a versatile strapping solution that can be cut to fit most any job.

## WHERE TO SELL

Gear Strapz™ appeal to a wide range of users including:

- Hardware/Home Improvement
- Sporting Goods & Marine
- Camping Equipment
- Lawn and Garden
- Automotive
- Garage/Hobby/Workshop
- Impulse

## TIPS

Gear Strapz™ are only intended for light use and has no rated capacity. They are not for heavy loads. Eye protection should be worn while applying.
