

REUSABLE SILICONE STRAWS

Reusable straws are better for the environment than disposable plastic straws; compared to paper, glass, and metal straws they're the safest and most efficient alternative on the market.

MADE IN USA

REUSABLE SILICONE STRAWS

These Reusable Silicone Straws work perfectly with most popular tumblers, travel mugs, and sippy cups. They can be supplied in any cut length, but they can be cut to any size needed with a simple pair of scissors! Our straws are made using food safe silicone material and are great for hot or cold beverages; they do not transfer heat like glass or metal straws. Best of all, they're free from plastic, phthalates, and heavy metals that could present serious health hazards.

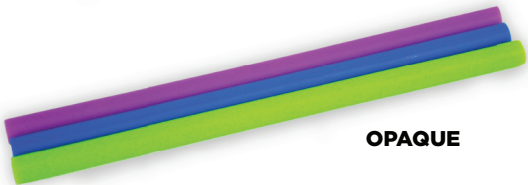

- Made in USA using high quality, food grade silicone
- Dishwasher and microwave safe
- Soft, flexible material to prevent injury to lips, teeth or mouth - Safe for all ages
- Work well with hot or cold beverages without becoming too cold or hot to hold
- Available in translucent or opaque colors and Bulk or Retail packaging

ITEM #	DESCRIPTION	PKG	OD	ID	MIN

MADE IN THE USA

Our Reusable Silicone Straws are made using high-quality, food grade silicone - right here in The USA. These straws do not contain harmful "fillers" or additives.

OPAQUE

VALUE

Silicone Straws can be washed and reused time and time again! They're made of strong food grade silicone that resists tearing, will hold up through repeated dishwasher cycles, and are microwave safe.

TIPS

Our translucent Reusable Silicone Straw is unique in that it allows you to see through the straw to better check its cleanliness.
