

EPDM **ANCHOR BANDS**

Offering an eco-friendly alternative to single-use plastic ties, these **Antistatic EPDM Anchor Bands** provide even pressure, gentle handling, and long-term static protection for indoor, outdoor, and cleanroom applications.

EPDM

ANCHOR BANDS

Our EPDM Anchor Bands combine the durability of EPDM – the premier weather-resistant, synthetic elastomer – with a unique anchor tab design for secure, reusable bundling. Unlike standard EPDM Rubber Bands, these Anchor Bands feature a specially designed quick-release anchor tab, making them easy to apply, remove, and reuse. Engineered for electrostatic discharge (ESD) protection, these **Conductive EPDM Anchor Bands** are ideal for the semiconductor and electronics industries, safely bundling static-sensitive components like integrated circuits, tubes, trays, boxes, and carriers. Offering an eco-friendly alternative to single-use plastic ties, these **Antistatic EPDM Anchor Bands** provide even pressure, gentle handling, and long-term static protection for indoor, outdoor, and cleanroom applications..¹
