

NON-LATEX™

Protection against latex allergy reactions has never been easier. Our Non-Latex™ rubber bands are made from premium synthetic rubber making it a solution for the 3-5% of the world population affected by latex allergy reactions.

NON-LATEX™

The rubber band for people who suffer from latex allergy reactions. It is made from synthetic rubber and is recommended for home, school, workplace, government, and medical facilities. It is a bright orange color for easy identification.

- High Rubber Content
- Bright orange color for easy identification
- Excellent band count per pound
- Soft stretch to prevent carpal tunnel syndrome
- Can be sterilized using autoclave and irradiation
- Made in the USA using globally sourced materials

VALUE

Non-Latex™ bands are made from premium synthetic rubber for high quality and consistency. They provide exceptional hold for medical facilities and can be sterilized using autoclaves and irradiation.

WHERE TO SELL

Ideal for industrial & laboratory applications, home, school, workplace, medical facilities, medical supply wholesalers, medical parts, packaging & manufacturing.

TIPS

Latex allergy reactions affect 3-5% of the world population. To protect from latex allergy reactions, many hospitals and schools have adopted policies to use Non-Latex™ products.
