

GEAR WRAPZ™

Conquer the clutter with Gear Wrapz™. These products are designed to help with all your bundling and tie-down needs. They are easy to use and reusable. Made from EPDM (Ethylene Propylene Diene Monomer) material, they are non-latex, non-conductive, and non-metallic. These all-weather products are UV and ozone resistant. The perfect outdoor and indoor tool.

A close-up photograph of a person's hand holding a bundle of orange extension cords. A black Gear Wrapz strap is wrapped around the bundle to keep them together. The background is blurred, showing what appears to be a workshop or garage setting.

Bundle everything

holiday decorations

Made from
EPDM to stand
up to all weather

GEAR WRAPZ™

For the do-it-yourselfer, our Gear Wrapz™ offer a great way to bundle and secure equipment. Their durable one-piece head fastener makes them superior to other binding products. Their smooth rubber surface will not snare fabrics or carpets, making them ideal for any type of gear.

- Fishing poles
- Attaching tarps to a pole or tree branch
- Staking tomato plants
- Bundling jumper cables
- Securing sports equipment
- Tying down gear for travel
- Wrapping garden hoses & ropes
- Holding sleeping bags and bulky camping equipment
