

Standard or Custom
PROTAPE®

Especially designed for produce and floral bundling, both standard and custom designs of ProTape® provide the added benefit of bar coding.

PROTAPE® DISPENSERS

Alliance offers five different ProTape® dispensers to meet your needs. From manual applications to fully electric - these dispensers make applying ProTape® even easier and faster.

Standard or Custom PROTAPE®

Especially designed for produce and floral bundling, ProTape® gives you the added benefit of bar coding. Whether you need functional packaging that doubles as a tool for branding and traceability or if you simply need discreet waterproof tape for orchids or bouquets, there's an item to meet your needs. It is available in plain, standard, and custom designs. All custom designs give you the ability to add your name and/or logo to enhance the quality of your branded item.

Benefits of ProTape®

- Sticks only to itself
- Easily opens and reseals for trimming at store level
- Scannable barcode for ease at checkout
- FDA compliant for direct food contact

STANDARD ProTape®

CUSTOM ProTape®

ORCHID ProTape®

Promote your brand and achieve recognition in the market by printing logos, codes, website, country, and/or messages on any of our ProTape® options.

PROTAPE® DISPENSERS

We offer several different ProTape® dispensers to accommodate a wide range of product – from bananas to green onions and floral bouquets. Easier bundling means fresher, more attractive produce, giving your customers more reasons to buy. These dispensers streamline your normal wrapping procedure, allowing you to dispense, wrap, and cut any length of tape. By eliminating unnecessary steps, your harvest operations run smoother, faster, and more efficiently, resulting in fresher product on the shelf.

BASIC ProTape® Dispensers

These dispensers are ideal for flexible low-volume applications.

B-16

Accommodates 3" - 3.5" cores

300V

300V-II LARGE BUNDLE ProTape® Dispenser

With the push of a hand this semi-automatic dispenser measures, wraps and seals to make a secure and attractive bundle. The 3000V is three times faster than the pull and cut dispensers and built to give hassle-free service.

3000V SEMI-AUTOMATIC ProTape® Dispenser

With the push of a hand this semi-automatic dispenser measures, wraps and seals to make a secure and attractive bundle. The 3000V is three times faster than the pull and cut dispensers and built to give hassle-free service.

5000V ELECTRIC DISPENSER ProTape® Dispenser

When two hands are required to handle your produce, this electric ProTape® Dispenser can be activated by the foot pedal feature. The 5000V is built for speed and ease of application.
