

FLORAL BANDS

We have a specialized array of bundling solutions for packaging floral products and ornamental plants for the retail and export market. Whether it's during the harvest or post-harvest, we can provide the perfect product to meet those needs.

FLORAL BANDS

Alliance manufactures a variety of rubber bands and packaging solutions for fresh flowers and ornamental plants. Our products hold them without cutting into delicate leaves or stems. This ensures that they reach their destination looking fresh and remaining attractive for as long as possible.

Our Floral Bands:

- Are waterproof
- Will never leave brown water spots or rust stains
- Will not cut into tender leaves or stems
- Are available in a wide range of colors and sizes

RUBBER BANDS

DESCRIPTION	DIMENSIONS"	COLOR	PACK	BULK

DESCRIPTION	DIMENSIONS"	COLOR	PACK	BULK
Clear Flex™ Bands	4 x 1/8	Transparent	1# Bag / 20#	20# Box
Clear Flex™ Bands	3 x 1/8	Transparent	1# Bag / 20#	20# Box

VALUE

You can print logos, codes, website, country, and messages on the band. They can help you promote your brand and achieve recognition in the market.

Rubber bands and Clear Flex™ bands allow easy maintenance at the retail store level; the flowers and plants will look fresh and attractive for a long time.

WHERE TO SELL

- Floriculture Supply Stores
- Floral Packing Companies
- Ornamental Plant Packing Warehouses
- Floral Nurseries & Wholesalers
- Commercial Growers

TIPS

The bands can stretch up to 4 times more than their current length, allowing the adjustment of one size to various bouquets.

Each client requires a certain number of stems per bouquet; our rubber bands and Flex™ bands will meet their expectations because the bands can hold the stems without damaging them.

We can manufacture color rubber bands and Flex™ bands, these products will help to codify and identify the flowers during the harvest process.
